**Rules**

The SWC 2023 will be held under the World Aquatics Rules and Regulations in force on 6 October 2023.

**Swimwear and Advertising**

All competitors of the SWC 2023 shall abide by the relevant World Aquatics Competition Regulations pertaining to swimwear and advertising – [World Aquatics Competition Regulations, Part One Rules Applicable to All Aquatic Sports, 7. Swimwear and Wearables, and 8. Advertising Identification.](#)

**Doping Control**

The doping control will be coordinated by International Testing Agency (ITA) during the SWC 2023.

- World Records and World Junior Records

As per the World Aquatics Doping Control Rules, any Athlete equalling or breaking a World Record or World Junior Record in Swimming, shall be tested immediately after the race, or at the latest, 24 hours after the race. If not selected for doping control after the race, it is the sole responsibility of the athlete(s) to come to the doping control station to request being tested. This test will be covered by the Local Organising Committee.

- Continental or National Record

Should an Athlete equal or break a continental or a national record, it is the sole responsibility of the athlete(s) to check whether the rules of their Continental Organization or Members require a negative doping control in order to recognize the record. If this is required, the athlete must go to the doping control station to request a doping control test. This test will have to be paid by the athlete or their Member.

**Entries**

All World Aquatics Member Federations' registration and entries will take place through the World Aquatics General Management System (GMS) via <https://data.worldaquatics.com>. Each Member will access the system to complete their registrations of athletes and officials before the designated deadline for each Meet.

The entry times will only be accepted if they have been completed within the maximum qualifying period of fifteen (15) months prior to the entry deadline. No times outside of this qualifying period will be accepted. For the SWC 2023 edition, times in 50m-pool will be accepted.

**Technical Meeting**

The Technical Meeting will be held on the day before the first day of competition of the Meet, which shall be chaired by the World Aquatics Technical Delegate. This will be the only opportunity for last minute entry changes (any withdrawals, but additional entries only for duly entered members of national teams - no additions for club swimmers). It is mandatory for one representative of each Member Federation to take part in the Technical Meeting. The competitors should be made aware of their responsibilities in attending the SWC 2023 and being represented at the Technical Meeting. Failing to do so will result in a fine of 100 Swiss Francs (World Aquatics Competition Regulations).

- Withdrawals for the first session of heats are due by the close of business of the Technical Meeting.

- Withdrawals for each subsequent session of heats are due one (1) hour prior to the start of finals the evening before.

- Withdrawals for each session of finals are due not later than thirty (30) minutes upon conclusion of the heats on that day.

Did Not Swim will be fined according to World Aquatics Competition Regulations.

A positive check-in for timed final races should be made not later than the conclusion of the finals session on the day prior to the event in order to avoid open lanes in these events.

### Scoring System

The total score that an athlete can earn from an event is the sum of points inversely related to the position at the finals and additional points based on performance. For scoring performance, the valid World Aquatics Points system is used. World Aquatics Points system is based on the previous year's World Record.

**For every individual event, points are awarded to the finalists:**

Position	1st	2nd	3rd	4th	5th	6th	7th	8th
Points	<b>10</b>	<b>8</b>	<b>6</b>	<b>5</b>	<b>4</b>	<b>3</b>	<b>2</b>	<b>1</b>

**The following additional points are awarded based on performances in the finals:**

Up to	<...	999	989	979	969	959	949	939	929	919	909	899	889	879	869	859
