

## 2025 USA Swimming-Open Water

### Additional Criteria for Qualification of National Level Events

Athletes may qualify for USA Swimming's national level open water meets (10K/5K National Championships, 7.5K/5K Junior National Championships) via time standards set by USA Swimming, posted on its website. This document defines additional criteria for qualification, if an athlete does not meet the set time standard. For the purposes of these Selection Procedures, the men's and women's components will be considered separately. Qualification by means of the Zone Championships outlined below can only result in a single entry at the USA Swimming Open Water Junior National Championship in the corresponding event, as listed below, unless the athlete has achieved the necessary time standards for additional events.

Time standards for national level meets can be found at [www.usaswimming.org/Home/times/time-standards](http://www.usaswimming.org/Home/times/time-standards).

USA Swimming reserves the right to add additional criteria for qualification based on the needs of the USA Swimming National Team Program. Any additional criteria will be communicated by USA Swimming via posted changes to these Selection Procedures. Any questions regarding these criteria can be directed toward Bryce Elser ([belser@usaswimming.org](mailto:belser@usaswimming.org)).

#### 2025 USA Swimming Open Water National Championships

##### 5K Qualification

- Finished in the top 5 at the 2024 CSCAA 5K National Championships; or
- Finished in the top 3 at the 2024 Mountain Pacific Sports Federation 5K Open Water Championship.
